Steven J. Hollenhorst

Eleonora Papadogiannaki, Nancy Holmes, and Ariel Blotkamp are Research Assistants with the Visitor Services Project. Dr. Wayde Morse is Assistant Professor, School of Forestry and Wildlife Science, Auburn University, who oversaw the survey fieldwork. Dr. Steven Hollenhorst is the Director of the Park Studies Unit, Department of Conservation Social Sciences, University of Idaho. We thank the staff of Homestead National Monument of America for assisting with the survey, and David Vollmer and Yanyin Xu for data processing.
Visitor Services Project
Homestead National Monument of America
Report Summary

- This report describes the results of a visitor study at Homestead National Monument of America during May 25-June 17, 2009. A total of 340 questionnaires were distributed to visitor groups. Of those, 254 questionnaires were returned, resulting in a 74.7% response rate.

- This report profiles a systematic random sample of Homestead National Monument of America visitors. Most results are presented in graphs and frequency tables. Summaries of visitor comments are included in the report and complete comments are included in the Visitor Comments Appendix.

- Forty-five percent of visitor groups were in groups of two and 28% were in groups of four or more. Seventy-three percent of visitor groups were in family groups.

- United States visitors comprised 100% of total visitors, with 57% from Nebraska, 4% from Kansas, 4% from California, and smaller proportions from 36 other states and Washington, D.C. There were no international visitors. Twenty-six percent of visitors were descendent of someone who homesteaded under the Homestead Act of 1862.

- Forty-one percent of visitors were ages 46-65 years, 27% were over 66 years, and 15% were ages 15 years or younger. Nine percent of visitor groups reported physical conditions that made it difficult to access or participate in park activities or services. Forty-two percent of visitor groups were aware that special needs equipment was available to visitors.

- One percent of visitors were Hispanic or Latino, and 97% of visitors were of White racial background. Thirty-three percent of respondents had a bachelor’s degree and 30% had a graduate degree. Twenty-three percent of visitors had an annual income of $50,000 to $74,999 and 63% had two members in their household.

- Eighty-two percent of visitors were visiting the park for the first time. Ten percent had visited three or more times since May 2007. Eighty-two percent entered the park once during this visit and 13% entered two times. Most visitor groups (93%) used one vehicle to arrive at the park.

- Twenty-four percent of visitor groups were residents of the area. For 53% of non-resident visitor groups, visiting Homestead National Monument was the reason for coming to the area.

- Most visitor groups (86%) obtained information about the park prior to their visit. Prior to this visit, the most common sources of information used to obtain information about Homestead National Monument of America were friends/relatives/word of mouth (38%) and the park website (37%). Sixty-six percent of visitor groups indicated their preferred source of information for a future visit would be the park website.

- Eighty percent of visitor groups found the park website to be “extremely helpful” or “very helpful,” and 86% rated the quality of the website as “very good” or “good.”

- The most common sites visited by visitor groups were the Heritage Center (88%) and the Education Center (72%). The most common visitor activities were viewing museum exhibits at Heritage Center (87%), viewing exhibits at Education Center (70%), and watching movies/videos (70%). The most common activities in which visitor groups would participate in the future were walking/hiking trails (74%) and attending ranger-led talks/programs (72%).

- Twenty-two percent of visitor groups attended a ranger-led talk or program, while 82% indicated they would be interested in attending a program in the future. Fifty-four percent were interested in a program lasting one-half hour to an hour.
- Ninety-three percent of visitor groups viewed/used exhibits at the Heritage Center. The most commonly viewed/used exhibits were static exhibits (97%) and handset exhibits (71%).

- Eighty-one percent of visitor groups visited the park bookstore, and 14% were able to find the sales items in which they were interested.

- Of those visitor groups (33%) that stayed overnight in the area within 60 miles of the park, 51% stayed one night and 34% spent three or more nights. Of the visitor groups that stayed overnight in the area, 48% stayed in lodges, hotels, motels, cabins, B&B, etc.

- The average group expenditure in the park and the surrounding area (within 60 miles of the park) was $110, with a median (50% spent more and 50% spent less) of $55. The average total expenditure per person was $49.

- Most visitor groups (98%) rated the overall quality of services, facilities, and recreational opportunities at Homestead National Monument of America as “very good” or “good.” No visitor groups rated the overall quality as “very poor” or “poor.”

For more information about the Visitor Services Project, please contact the Park Studies Unit at the University of Idaho at (208) 885-7863 or the following website http://www.psu.uidaho.edu.

INTRODUCTION

This report describes the results of a visitor study at Homestead National Monument of America, conducted May 25-June 17, 2009 by the National Park Service (NPS) Visitor Services Project (VSP), part of the Park Studies Unit (PSU) at the University of Idaho.

The National Park Service website for Homestead National Monument of America describes the park: “The cry was FREE LAND! The Homestead Act of 1862 was one of the most significant and enduring events in the westward expansion of the United States. By granting free land it allowed nearly any man or woman a chance to live the American dream of owning their own land. Visit this fee free Unit in the National Park System to gain an understanding of the impact of the Homestead Act” (Homestead National Monument of America, National Park Service, Department of the Interior website http://www.nps.gov/nps October, 2009).

Organization of the report

The report is organized into three sections.

Section 1: Methods. This section discusses the procedures, limitations, and special conditions that may affect the study.

Section 2: Results. This section provides summary information for each question in the questionnaire and also includes a summary of visitor comments. The presentation of the results of this study does not follow the order of questions in the questionnaire.

Section 3: Appendices

Appendix 1: The Questionnaire. A copy of the questionnaire distributed to groups.

Appendix 2: Additional Analysis. A list of sample questions for cross-references and cross comparisons. Comparisons can be analyzed within park or between parks. Results of additional analyses are not included in this report as they may only be requested after the results of this study have been published.

Appendix 3: Decision rules for checking non-response bias. An explanation of how the non-response bias was determined.

Appendix 4: Visitor Services Project Publications. A complete list of publications by the VSP. Copies of these reports can be obtained by contacting the PSU office at (208) 885-7863 or by visiting the website: http://www.psu.uidaho.edu/vsp/reports.htm

Visitor Comments Appendix: A separate appendix provides visitor responses to open-ended questions. It is bound separately from this report due to its size.
Presentation of the results

Results are represented in the form of graphs (see example below), scatter plots, pie charts, tables, or text.

SAMPLE ONLY

1: The figure title describes the graph’s information.

2: Listed above the graph, the “N” shows the number of individuals or visitor groups responding to the question. If “N” is less than 30, “CAUTION!” is shown on the graph to indicate the results may be unreliable.

* appears when total percentages do not equal 100 due to rounding.

** appears when total percentages do not equal 100 because visitors could select more than one answer choice.

3: Vertical information describes the response categories.

4: Horizontal information shows the number or proportions of responses in each category.

5: In most graphs, percentages provide additional information.

Figure 14: Number of visits to park in past 12 months
METHODS

Survey Design

Sample size and sampling plan

All VSP questionnaires follow design principles outlined in Don A. Dillman's book *Mail and Internet Surveys: The Tailored Design Method* (2007). Using this methodology, the sample size was calculated based on the park visitation statistics of previous years.

Brief interviews were conducted with a systematic, random sample of 340 visitor groups that arrived at selected locations in Homestead National Monument of America during May 25-June 17, 2009. Table 1 shows the two locations, the number of questionnaires distributed at each location, and the response rate for each location. Visitors were surveyed between the hours of 8 a.m. and 5 p.m. During this survey, 342 visitor groups were contacted and 340 of these groups (99.4%) accepted questionnaires (average acceptance rate for 205 VSP visitor studies is 91.4%). Questionnaires were completed and returned by 254 visitor groups resulting in a 74.7% response rate for this study. The average response rate for the 205 VSP visitor studies conducted from 1988 through 2008 was 74.2%.

Questionnaire design

The Homestead National Monument of America questionnaire was developed at a workshop held with park staff to design and prioritize the questions. Some of the questions were comparable with VSP studies conducted at other parks while others were customized for Homestead National Monument of America. Many questions asked visitors to choose answers from a list of responses, often with an open-ended option, while others were completely open-ended.

No pilot study was conducted to test the Homestead National Monument of America questionnaire. However, all questions followed Office of Management and Budget (OMB) guidelines and/or were used in previous surveys, thus the clarity and consistency of the survey instrument have been tested and supported.
Survey procedure

Visitor groups were greeted, briefly introduced to the purpose of the study, and asked to participate. If visitors agreed, they were asked which member (at least 16 years old) had the next birthday. The individual with the next birthday was selected to complete the questionnaire for the group. An interview, lasting approximately two minutes, was conducted with that person to determine group size, group type, and the age of the member completing the questionnaire. These individuals were asked for their names, addresses, and telephone numbers or email addresses in order to mail them a reminder/thank you postcard and follow-ups. Visitors were asked to complete the survey after their visit, and return the questionnaire by mail. The questionnaires were pre-addressed and affixed with a U.S. first class postage stamp.

Two weeks following the survey, a reminder/thank you postcard was mailed to all participants who provided a valid mailing address (see Table 2). Replacement questionnaires were mailed to participants who had not returned their questionnaires four weeks after the survey. Seven weeks after the survey, a second round of replacement questionnaires was mailed to visitors who had not returned their questionnaires. In order to distribute all 340 questionnaires, the survey period was extended. This resulted in a second round of follow-up mailings.

</tbody>
</table>

Data Analysis

Returned questionnaires were coded and the visitor responses were processed using custom and standard statistical software applications—Statistical Analysis Software (SAS), and a custom designed FileMaker Pro® application. Descriptive statistics and cross-tabulations were calculated for the coded data and responses to open-ended questions were categorized and summarized. Double-key data entry validation was performed on numeric and text entry variables and the remaining checkbox (bubble) variables were read by optical mark recognition (OMR) software.
Limitations

Like all surveys, this study has limitations that should be considered when interpreting the results.

1. This was a self-administered survey. Respondents completed the questionnaire after the visit, which may have resulted in poor recall. Thus it is not possible to know whether visitor responses reflected actual behavior.

2. The data reflect visitor use patterns to the selected sites during the study period of May 25-June 17, 2009. The results present a 'snapshot-in-time' and do not necessarily apply to visitors during other times of the year.

3. Caution is advised when interpreting any data with a sample size of less than 30, as the results may be unreliable. Whenever the sample size is less than 30, the word "CAUTION!" is included in the graph, figure, table, or text.

4. Occasionally, there may be inconsistencies in the results. Inconsistencies arise from missing data or incorrect answers (due to misunderstood directions, carelessness, or poor recall of information). Therefore, refer to both the percentage and N (number of individuals or visitor groups) when interpreting the results.

Special Conditions

The weather during the survey period was generally sunny and warm, with occasional rain and overcast periods. Temperatures varied from high 60s to high 80s. Questionnaires were distributed during Memorial Day weekend and a naturalization ceremony that took place in the park on June 14th, both of which could have affected visitation.
Checking Non-response Bias

Four variables were used to check non-response bias: respondents’ age, travel distance from home to the park, overall quality rating score, and level of education. There were no significant differences between early and late responders in travel distance, overall quality rating, or level of education (see Tables 3 and 4). However, there was a significant difference in age. The late responders tended to be of the younger age group. Thus, visitors under 50 years old may be underrepresented in the survey results. See Appendix 3 for more details on the non-response bias checking procedures.

**RESULTS**

**Group and Visitor Characteristics**

**Visitor group size**

Question 15b
On this visit, how many people were in your personal group, including yourself?

Results
- 45% of visitors were in groups of two (see Figure 1).
- 28% were in groups of four or more.
- 17% were in groups of three.

![Figure 1: Visitor group size](chart1.png)

**Visitor group type**

Question 15a
On this visit, what type of personal group (not guided tour/school/historical society/other organized group) were you with?

Results
- 73% of visitor groups were made up of family members (see Figure 2).
- 13% were alone.
- “Other” group (1%) was:
  - Child care center

![Figure 2: Visitor group type](chart2.png)

*total percentages do not equal 100 due to rounding
**total percentages do not equal 100 because visitors could select more than one answer
Visitors with organized groups

Question 14a
On this visit, were you and your personal group part of a commercial guided tour group?

Results
- No visitor groups were part of a commercial guided tour group (see Figure 3).

![Figure 3: Visitors with a commercial guided tour group](image)

Question 14b
On this visit, were you and your personal group part of a school/educational group?

Results
- 1% of visitor groups were part of a school/educational group (see Figure 4).

![Figure 4: Visitors with a school/educational group](image)

Question 14c
On this visit, were you and your personal group part of a historical society/club?

Results
- 3% of visitor groups were with a historical society/club (see Figure 5).

![Figure 5: Visitors with a historical society/club](image)

*total percentages do not equal 100 due to rounding
**total percentages do not equal 100 because visitors could select more than one answer
Question 14d
On this visit, were you and your personal group part of an other organized group (scouts/work/church)?

Results
- 3% of visitor groups were traveling with an other organized group (see Figure 6).

![Figure 6: Visitors with an other organized group](image)

Question 14e
If you were with one of these organized groups, how many people, including yourself, were in this group?

Results – Interpret results with CAUTION!
- Not enough visitor groups responded to this question to provide reliable data (see Figure 7).

![Figure 7: Number of people in organized group](image)

*total percentages do not equal 100 due to rounding
**total percentages do not equal 100 because visitors could select more than one answer
United States visitors by state of residence

Question 16b

For you and your personal group on this visit, what is your state of residence?

Note: Response was limited to seven members from each visitor group.

Results

- U.S. visitors were from 39 states and Washington, D.C. and comprised 100% of total visitation to the park during the survey period.

- There were no international visitors.

- 57% of U.S. visitors came from Nebraska (see Table 5 and Map 1).

- Smaller proportions of U.S. visitors came from 38 other states and Washington, D.C.

Number of visits to the park

Question 16c
For you and your personal group on this visit, how many times have you visited Homestead National Monument of America since May 2007 (including this visit)?

Note: Response was limited to seven members from each visitor group.

Results
- 82% of visitors were visiting the park for the first time (see Figure 8).
- 10% visited three or more times.

*total percentages do not equal 100 due to rounding
**total percentages do not equal 100 because visitors could select more than one answer
Visitor age

Question 16a
For you and your personal group on this visit, what is your current age?

Note: Response was limited to seven members from each visitor group.

Results
- Visitor ages ranged from 1 to 92 years.
- 41% of visitors were in the 46-65 years age group (see Figure 9).
- 15% were 15 years or younger.
- 27% were 66 or older.

Figure 9: Visitor age

*total percentages do not equal 100 due to rounding
**total percentages do not equal 100 because visitors could select more than one answer
Ethnicity

Question 17a
Are you or members of your group Hispanic or Latino?

Note: Response was limited to seven members from each visitor group.

Results
- 1% of visitors were Hispanic or Latino (see Figure 10).

Race

Question 17b
What is your race? What is the race of each member of your personal group?

Note: Response was limited to seven members from each visitor group.

Results
- 97% of visitors were White (see Figure 11).
- 2% were American Indian or Alaska Native.

*total percentages do not equal 100 due to rounding
**total percentages do not equal 100 because visitors could select more than one answer
Language used for speaking and reading

Question 19a
When visiting an area such as Homestead National Monument of America, which one language do you and most members of your personal group prefer to use for speaking?

Results
- All visitor groups preferred English for speaking (see Figure 12).

Question 19b
When visiting an area such as Homestead National Monument of America, which one language do you and most members of your personal group prefer to use for reading?

Results
- All visitor groups preferred English for reading (see Figure 13).

*total percentages do not equal 100 due to rounding
**total percentages do not equal 100 because visitors could select more than one answer
Services in languages other than English

Question 19c
In your opinion, what services in the park need to be provided in languages other than English?

Results

- 37% of visitor groups felt that services should be provided in languages other than English.

- Fourteen visitor groups provided comments on services that need to be provided in languages other than English (see Table 6).

Visitors with physical conditions

Question 18b
Does anyone in your personal group have a physical condition that made it difficult to access or participate in park activities or services?

Results
- 9% of visitor groups had members with physical conditions that made it difficult to access or participate in park activities or services (see Figure 15).

Question 18c
If YES, what services or activities were difficult to access/participate in? (open-ended)

Results – Interpret with CAUTION!
- Eighteen visitor groups commented on the services and activities that were difficult to access or participate in (see Table 7).

Table 7: Services/activities that were difficult to access/participate in

Special needs equipment

Question 18a
Were you and your personal group aware that special needs equipment (listening devices, white gloves, etc.) is available to visitors?

Results
- 42% of visitor groups were aware that special needs equipment was available to visitors (see Figure 16).

Figure 16: Visitor groups that were aware that special needs equipment was available

Question 18d
Did you and your personal group use any of the special needs equipment?

Results – Interpret results with CAUTION!
- Not enough visitor groups responded to this question to provide reliable data (see Figure 17).

Figure 17: Visitor groups that used the special needs equipment

Question 18e
If YES, was the special needs equipment easy to use?

Results – Interpret results with CAUTION!
- Not enough visitor groups responded to this question to provide reliable data (see Figure 18).

Figure 18: Visitor groups that found the special needs equipment easy to use

*total percentages do not equal 100 due to rounding

Level of education

Question 20
For you only, what is the highest level of education you have completed?

Results
- 33% of respondents had a bachelor’s degree (see Figure 19).
- 30% had a graduate degree.
- 22% had some college.

Descendent of a homesteader

Question 16d
For you and your personal group on this visit, were you a descendent of someone who homesteaded under the Homestead Act of 1862?

Results
- 26% of visitors were descendents of someone who homesteaded under the Homestead Act of 1862 (see Figure 20).

*total percentages do not equal 100 due to rounding
**total percentages do not equal 100 because visitors could select more than one answer
Household income

Question 27a
Which category best represents your annual household income?

Results
- 23% of visitor had an annual income of $50,000 to $74,999 (see Figure 21).
- 17% had an income between $75,000 and $99,999.

Question 27b
How many people are in your household?

Results
- 63% of visitors had two members in their household (see Figure 22).
- 18% had three or four members.

*total percentages do not equal 100 due to rounding
**total percentages do not equal 100 because visitors could select more than one answer
Trip/Visit Characteristics and Preferences

Information sources prior to visit

Question 1a
Prior to your visit, how did you and your personal group obtain information about Homestead National Monument of America?

Results

- 86% of visitor groups obtained information about Homestead National Monument of America prior to their visit (see Figure 23).
- As shown in Figure 24, among those visitor groups who obtained information about Homestead National Monument of America prior to their visit, the most common sources were:
  - 38% Friends/relatives/word of mouth
  - 37% Park website
  - 30% Previous visits
- “Other” sources (9%) were:
  - Drove by
  - Frequent visitors of national parks
  - Knew it was there
  - National Park Passport
  - Native Nebraskans
  - Road sign
  - Scientific documents
  - Volunteer
  - We live close to the monument

*total percentages do not equal 100 due to rounding
**total percentages do not equal 100 because visitors could select more than one answer
Question 1c
From the sources you used prior to this visit, did you and your personal group receive the type of information about the park that you needed?

Results
- 92% of visitor groups received needed information prior to their visit (see Figure 25).

![Bar chart showing 92% Yes and 8% No for Received needed information?]

Figure 25: Visitor groups that received needed information prior to their visit

Question 1d
If NO, what type of park information did you and your personal group need that was not available? (open-ended)

Results – Interpret with CAUTION!
- Nine visitor groups listed information they needed, but was not available (see Table 8).

<table>

Information sources for future visit

Question 1b
If you were to visit Homestead National Monument of America in the future, how would you and your personal group prefer to obtain information about the park?

Results
- As shown in Figure 26, the most common sources of information to use for a future visit were:
  - 66% Park website
  - 30% Maps/brochures
  - 29% Previous visits
  - 29% Travel guides/tour books
- “Other” sources of information (5%) were:
  - Books
  - National Park Passport
  - Information on upcoming programs

![Figure 26: Sources of information to use for a future visit](chart)

Park website

Question 10a
Did you and your personal group obtain information from the park website (www.nps.gov/home) prior to or during this visit to plan your trip to Homestead National Monument of America?

Results
- 34% of visitor groups obtained information from the park website prior or during the visit (see Figure 27).

Figure 27: Visitor groups that obtained information from the park website

Question 10b
If you and your personal group used the park website, please rate how helpful the website was in planning your visit.

Results
- 80% of visitor groups found the park website "extremely helpful" or "very helpful" in planning their visit (see Figure 28).
- 14% found the park website "moderately helpful."

Figure 28: Helpfulness of park website

*total percentages do not equal 100 due to rounding
**total percentages do not equal 100 because visitors could select more than one answer
Question 10c
Overall, how would you and your personal group rate the quality of information provided on the park website?

Results
- 86% of visitor groups rated the overall quality of the park website as “very good” or “good” (see Figure 29).
- 1% rated the quality as “very poor.”

![Figure 29: Overall quality of park website](image)

Question 10d
Did you and your personal group find the information that you needed on the park website?

Results
- 85% of visitor groups found the information they needed on the park website (see Figure 30).

![Figure 30: Visitor groups that received needed information from park website](image)

*total percentages do not equal 100 due to rounding
**total percentages do not equal 100 because visitors could select more than one answer
Question 10e
If NO, what type of information did you and your personal group need that was not available on the park website? (open-ended)

Results – Interpret with CAUTION!
- Six visitor groups listed information they needed, but was not available on the park website (see Table 9).

Table 9: Information not available on park website

Primary reason for visiting the area

Question 2
On this trip, what was the primary reason that you and your personal group came to the Homestead National Monument of America area?

Results
- 24% of visitor groups were residents of the area (see Figure 31).
- As shown in Figure 32, for visitors groups that were not residents of the area, the primary reasons for coming the Homestead National Monument of America were:
  - 53% Visit Homestead National Monument of America
  - 16% Visit friends/relatives in the area
- “Other” reasons (20%) included:
  - Anniversary getaway
  - Bird watching
  - Brought friends/relatives
  - Church day camp activity
  - Family reunion
  - Field trip
  - First time to see the new building
  - Genealogy trip
  - Geocaching
  - Get senior pass
  - Hiking
  - Interested in speaker
  - Model A club trip
  - Naturalization ceremony
  - Obtain National Park passport stamp
  - Passing through the area
  - Picnic
  - Prior resident of Beatrice
  - Research data collection
  - Saw it on a map
  - Special program at park
  - Tourist
  - Wanted to learn more

*total percentages do not equal 100 due to rounding
**total percentages do not equal 100 because visitors could select more than one answer
Adequacy of directional signs

Question 8
On this visit, were the signs directing you and your personal group to and within Homestead National Monument of America adequate?

Results

a. Interstate signs

- 65% of visitor groups did not use interstate signs to direct them to the park (see Figure 33).
- 32% indicated that interstate signs were adequate.

b. State highway signs

- 79% of visitor groups indicated that state highway signs were adequate in directing them to the park (see Figure 34).
- 16% did not use state highway signs.

*total percentages do not equal 100 due to rounding
**total percentages do not equal 100 because visitors could select more than one answer
c. Signs in local communities

- 72% of visitor groups indicated that signs in local communities were adequate in directing them to the park (see Figure 35).
- 18% did not use signs in local communities.

![Figure 35: Visitor groups’ opinions of the adequacy of signs in local communities](image)

Number of vehicles

Question 15c
On this visit, how many vehicles did you and your personal group use to arrive at the park?

Results
- 93% of visitor groups used one vehicle to arrive at the park (see Figure 37).

Number of park entries

Question 3d
On this trip, how many times did you and your personal group enter the park?

Results
- 82% of visitor groups entered the park once (see Figure 38).
- 13% entered the park twice.

Overnight stay and accommodations

Question 7a
On this trip, did you and your personal group stay overnight away from your permanent residence in the Homestead National Monument of America area (within 60 miles of the park)?

Results
- 33% of visitor groups stayed overnight away from home in the Homestead National Monument of America area (see Figure 39).

*total percentages do not equal 100 due to rounding
**total percentages do not equal 100 because visitors could select more than one answer
Question 7b

If YES, please list the number of nights you and your personal group stayed in the Homestead National Monument of America area.

Results

- 51% of visitor groups stayed one night in the park area (see Figure 40).
- 34% stayed three or more nights.

Figure 40: Number of nights stayed in the area (within 60 miles)

Type of lodging outside the park

Question 7c

In which types of lodging did you and your personal group spend the night(s) in the area outside the park (within 60 miles of the park)?

Results

- 48% of visitor groups stayed in lodges, hotels, motels, cabins, B&B, etc. (see Figure 41).
- 23% stayed in the residence of friends or relatives.
- 23% were RV/trailer camping.

Figure 41: Type of lodging outside the park (within 60 miles)
Length of stay in the park

Question 3a
On this visit, how many hours in total did you and your personal group spend visiting Homestead National Monument of America?

Results
- 45% of visitor groups spent two hours visiting the park (see Figure 42).
- 27% spent one hour.
- The average length of visit was two hours.

![Figure 42: Hours spent visiting the park](image)

Question 3b
On this visit, did you and your personal group visit Homestead National Monument of America on more than one day?

Results
- 2% of visitor groups visited the park on more than one day (see Figure 43).

![Figure 43: Visitor groups that visited the park on more than one day](image)

Question 3c
If YES, how many days did you visit the park?

Results – Interpret results with **CAUTION!**
- Not enough visitor groups responded to this question to provide reliable data (see Figure 44).

![Figure 44: Number of days spent visiting the park](image)

*total percentages do not equal 100 due to rounding

Sites visited

Question 4a
On this visit to Homestead National Monument of America, which park sites did you and your personal group visit?

Results
- As shown in Figure 45, the most commonly visited sites by visitor groups at Homestead National Monument of America were:
  - 88% Heritage Center
  - 72% Education Center
- The least visited site was:
  - 22% Freeman School
- "Other" sites (3%) were:
  - Art area of Education Center
  - Trails to all locations
  - Picnic area

Figure 45: Sites visited

Activities on this visit

Question 12a
On this visit, in which activities did you and your personal group participate within Homestead National Monument of America?

Results
- As shown in Figure 46, the most common activities visitor groups participated in were:
  - 87% Viewing museum exhibits at Heritage Center
  - 70% Viewing exhibits at Education Center
  - 70% Watching movies/videos
- “Other” activities (4%) were:
  - Author presentation
  - Ceremony
  - Freeman School
  - Using cell phone guide
  - Windmill speaker

Figure 46: Activities on this visit

*total percentages do not equal 100 due to rounding
**total percentages do not equal 100 because visitors could select more than one answer
Activities on future visit

Question 12b
If you were to visit the park in the future, in which activities would you and your personal group like to participate?

Results
- As shown in Figure 47, the most common activities in which visitor groups would participate in the future were:

  74% Walking/hiking trails
  72% Attending ranger-led talks/programs
  71% Viewing exhibits at Education Center

- “Other” activities (4%) were:
  Biking trails
  Freeman School
  Lake Trail/observation area
  Meeting local celebrities:
    Mayor of Beatrice, family members, Congressional leaders from Nebraska
  Planning more time
  Using cell phone guide

Figure 47: Activities on future visit
Use of trails

Question 4b
On this visit, did you and your personal group walk/hike the trails within the park?

Results
- 39% of visitor groups walked/hiked the trails within the park (see Figure 48).

Figure 48: Visitor groups that walked/hiked park trails

Question 4c
If you and your personal group did not go on any trails, what would encourage you to walk/hike the trails?

Results
- One hundred fourteen visitor groups listed elements that would encourage them to walk/hike the park trails (see Table 12).

Table 12: Elements that would encourage visitor groups to walk/hike trails

Ranger-led talks/programs

Question 9a
On this visit to Homestead National Monument of America, did anyone in your personal group participate in any of the ranger-led talks/programs?

Results
- 22% of visitor groups participated in ranger-led talks/programs (see Figure 49).

![Figure 49: Visitor groups that participated ranger-led talks/programs](image)

Question 9b
If NO, what prevented you and your personal group from participating in ranger-led talks/programs?

Results
- As shown in Figure 50, the most common reasons visitor groups did not participate in ranger-led talks/programs were:
  - 59% Did not have time
  - 28% Not aware of any ranger-led talks/programs offered at park
- “Other” reasons (20%) were:
  - Arrived late
  - Came for special event
  - Did not intend to attend programs
  - Did not want to walk
  - Enjoyed the movie
  - Had attended programs in the past
  - Had young children in group
  - Have difficulty walking
  - Hearing impaired
  - It was raining
  - Not aware of program
  - Not enough time

![Figure 50: Reasons for not participating in ranger-led programs](image)

*total percentages do not equal 100 due to rounding

**total percentages do not equal 100 because visitors could select more than one answer
Question 9c
If you were to visit the park in the future, would you and your personal group be interested in attending ranger-led programs?

Results
- 82% of visitor groups would likely attend ranger-led programs in the future (see Figure 51).
- 11% were not sure.

Question 9d
If YES, what length of program would you and your personal group be most likely to attend?

Results
- For 54% of visitor groups the preferred length of a ranger-led program was 1/2 – 1 hour (see Figure 52).
- For 34% the preferred length of program was under 1/2 hour.
- “Other” preferred program lengths (3%) were:
  - 1/2 to 2 hours
  - 3.5 hours
  - Any length
  - Depends on time available
  - Depends on topic

*total percentages do not equal 100 due to rounding
**total percentages do not equal 100 because visitors could select more than one answer
Exhibits viewed/used

Question 11a
Please indicate all types of exhibits that you and your personal group viewed/used during this visit at the Heritage Center.

Results

- 93% of visitor groups viewed/used the exhibits at Heritage Center during the visit (see Figure 53).
- As shown in Figure 54, the most commonly viewed/used type of exhibit was:

  97% Static exhibits

*total percentages do not equal 100 due to rounding

Question 11b
Was the exhibit lighting adequate for viewing?

Results

Handset exhibits
- 95% of visitor groups found the lighting of handset exhibits adequate (see Figure 55).

Static exhibits (exhibits that are read or viewed: photos, posters, etc.)
- Almost all visitor groups found the lighting of static exhibits adequate (see Figure 56).

Computer interactive exhibits (exhibits that can be manipulated)
- 93% of visitor groups found the lighting of computer interactive exhibits adequate (see Figure 57).

*total percentages do not equal 100 due to rounding

**total percentages do not equal 100 because visitors could select more than one answer
Hands-on non-electronic interactive exhibits (exhibits that can be manipulated)

- 96% visitor groups found the lighting of hands-on non-electronic interactive exhibits adequate (see Figure 58).

**Lighting adequate?**

Park bookstore

Question 13a
Did you and your personal group visit the park bookstore?

Results
- 81% of visitor groups visited the park bookstore (see Figure 67).

![Figure 67: Visitor groups that visited the park bookstore](image)

Question 13b
Are there any sales items that you and your personal group would like to purchase that are currently not available?

Results
- 14% of visitor groups wanted to purchase sales items that were not available at the park bookstore (see Figure 68).

![Figure 68: Visitor groups that wanted to purchase sales items that not available](image)

*total percentages do not equal 100 due to rounding
**total percentages do not equal 100 because visitors could select more than one answer
Question 13c
If YES, which items would you like to have available for purchase on a future visit?

Results – Interpret results with CAUTION!

- Not enough visitor groups responded to this question to provide reliable data (see Figure 69).
- Other items (38%) were:
  - Commemorative thimbles
  - Curriculum for teachers
  - Local photography
  - More toys for young kids
  - Mountain bike trails map
  - Playing cards
  - Postcards
  - Prairie dog toy

- Subjects for additional publications that visitor groups were interested in were:
  - Brochures/books on use of genealogy resources
  - Butterfly field guides
  - Dust Bowl
  - History
  - History of trails
  - Homesteading history
  - Low cost gift items for kids
  - Lower West history
  - More first hand accounts
  - More on homesteader daily life
  - Nebraska history
  - Nebraska parks
  - Peterson Field Guides: The North American Prairie
  - Windmills

**total percentages do not equal 100 because visitors could select more than one answer
Learned on this visit

Question 22a
After visiting Homestead National Monument of America, do you find the word “monument” in the name Homestead National Monument of America confusing?

Results
- 15% of visitor groups found the word “monument” confusing after visiting the park (see Figure 70).

![Figure 70: Visitor groups that found the word “monument” confusing](image)

Question 22b
If YES, why is it confusing?

Results
- Thirty-three visitor groups responded to this question.
- Table 15 shows the reasons why visitor groups found the word “monument” confusing.

### Table 15: Reasons for confusion

<table>
<thead>
<tr>
<th>Reason</th>

**Personal connection to homesteaders**

**Question 6a**
After this visit, do you feel that you are able to make a personal connection to the people who homesteaded under the Homestead Act of 1862 (i.e. do their lives have relevance to your life today)?

**Results**
- 86% of visitor groups were able to make a connection to homesteaders (see Figure 71).

![Figure 71: Visitor groups that were able to make a connection to homesteaders](image)

**Question 6b**
If YES, what is the most important way that homesteading life has relevance to your life today? (open-ended)

**Results**
- One hundred seventy-eight visitor groups responded to this question. Table 16 shows the relevance of homesteading life today.

Ratings of resources and attributes

Importance of protecting park resources/attributes

Question 5
It is the National Park Service’s responsibility to protect Homestead National Monument of America’s natural, scenic, and cultural resources while at the same time providing for public enjoyment. How important is the protection of the following park resources/attributes to you and your personal group?

1=Not important
2=Somewhat important
3=Moderately important
4=Very important
5=Extremely important

Results
- As shown in Figure 72, the highest combined proportions of “extremely important” and “very important” ratings included:
  - 91% Historic sites and buildings
  - 89% Clean water
  - 83% Clean air (visibility)
- The resource/attribute that received the highest “not important” rating was:
  - 33% Recreational opportunities
- Table 18 shows the importance ratings of park resources/attributes.

Expenditures

Total expenditures inside and outside the park

Question 23
For you and your personal group, please estimate all expenditures for the items listed below for this visit to Homestead National Monument of America area (within 60 miles of the park).

Results
- 39% of visitor groups spent $1-$50 (see Figure 73).
- 21% spent $51-$100.
- The average visitor group expenditure was $110.
- The median group expenditure (50% of groups spent more and 50% of groups spent less) was $55.
- Average total expenditure per person (per capita) was $49.
- As shown in Figure 74, the largest proportions of total expenditures inside and outside the park were:
  - 28% Lodges, hotels, motels, cabins, B&B, etc.
  - 24% Restaurants and bars
  - 17% Gas and oil

*total percentages do not equal 100 due to rounding
**total percentages do not equal 100 because visitors could select more than one answer
Number of adults covered by expenditures

Question 23c
How many adults (18 years or older) do these expenses cover?

Results
- 56% of visitor groups had two adults covered by expenditures (see Figure 75).
- 30% had three or more adults.

Number of children covered by expenditures

Question 23c
How many children (under 18 years) do these expenses cover?

Results
- 76% of visitor groups did not have any children covered by expenditures (see Figure 76).
- 10% had two children.

*total percentages do not equal 100 due to rounding
**total percentages do not equal 100 because visitors could select more than one answer
Expenditures inside the park

Question 23a
Please list your group’s total expenditures inside Homestead National Monument of America.

Results
- 50% of visitor groups spent $1-$25 inside the park (see Figure 77).
- 28% spent no money.
- The average visitor group expenditure inside the park was $15.
- The median expenditure (50% of groups spent more and 50% of groups spent less) was $9.
- Average total expenditure per person (per capita) was $10.
- As shown in Figure 78, the proportions of total expenditures inside the park were:
  - 89% All other purchases
  - 11% Donations

*total percentages do not equal 100 due to rounding
**total percentages do not equal 100 because visitors could select more than one answer
All other purchases (souvenirs, film, books, sporting goods, clothing, etc.)

- 43% of visitor groups spent $1-$25 on other purchases inside the park (see Figure 79).
- 37% spent no money.

![Figure 79: Expenditures for all other purchases inside the park](chart)

Donations

- 57% of visitor groups did not spend any money on donations inside the park (see Figure 80).
- 33% spent $1-$5.

![Figure 80: Expenditures for donations inside the park](chart)

*total percentages do not equal 100 due to rounding
**total percentages do not equal 100 because visitors could select more than one answer
Expenditures outside the park

Question 23b
Please list your group’s total expenditures in the area outside the park (within 60 miles of the park).

Results
- 35% of visitor groups spent $1-$50 (see Figure 81).
- 28% spent $101 or more.
- The average visitor group expenditure outside the park was $109.
- The median expenditure (50% of groups spent more and 50% of groups spent less) was $50.
- Average total expenditure per person (per capita) was $54.
- As shown in Figure 82, the largest proportions of total expenditures outside the park were:
  - 30% Lodges, hotels, motels, cabins, B&B, etc.
  - 27% Restaurants and bars
  - 19% Gas and oil

Appendix 1: The Questionnaire
Homestead National Monument of America

Visitor Study
United States Department of the Interior
NATIONAL PARK SERVICE
Homestead National Monument of America
8523 W. State Highway 4
Beatrice, NE 68310-6743

May - June 2009

Dear Visitor:

Thank you for participating in this important study. Our goal is to learn about the expectations, opinions, and interests of visitors to Homestead National Monument of America. This information will assist us in our efforts to better manage this National Park Service site and to serve you, our visitor.

This questionnaire is only being given to a select number of visitors, so your participation is very important! It should only take about 20 minutes after your visit to complete.

When your visit is over, please complete this questionnaire. Seal it with the stickers provided on the last page and drop it in any U.S. mailbox.

If you have any questions, please contact Margaret Littlejohn, NPS VSP Director at phone: 208-885-7863, email: littlej@uidaho.edu, or at mailing address: Park Studies Unit, College of Natural Resources, P.O. Box 441139, University of Idaho, Moscow, Idaho 83844-1139.

We appreciate your help.

Sincerely,

Mark Engler
Superintendent

DIRECTIONS

At the end of your visit:

1) Please have the selected individual complete this questionnaire.
2) Answer the questions carefully since each question is different.
3) For questions that use circles (O), please mark your answer by filling in the circle with black or blue ink, or a pencil with dark (e.g. #2) lead.
   Like this: ☐  Not like this: ☑  ☒  ☐

4) Seal it with the stickers provided.
5) Drop it in a U.S. mailbox.

Thank you!

PRIVACY ACT and PAPERWORK REDUCTION ACT statement:

16 U.S.C. 1a-7 authorizes collection of this information. This information will be used by park managers to better serve the public. Response to this request is voluntary. No action may be taken against you for refusing to supply the information requested. Your name is requested for follow-up mailing purposes only. When analysis of the questionnaire is completed, all name and address files will be destroyed. Thus the permanent data will be anonymous. Please do not put your name or that of any member of your personal group on the questionnaire. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Burden estimate statement: Public reporting burden for this form is estimated to average 20 minutes per survey. Direct comments regarding the burden estimate or any other aspect of this form to Margaret Littlejohn, NPS Visitor Services Project, College of Natural Resources, University of Idaho, P.O. Box 441139, Moscow, ID, 83844-1139; email: littlej@uidaho.edu, phone: 208-885-7863
Your Visit To Homestead National Monument of America

NOTE: In this questionnaire, your personal group is defined as anyone that you are visiting the park with, such as spouse, family, friends, etc. This does not include the larger group that you might be traveling with, such as school, church, scouts, or tour group.

1. a) Prior to your visit, how did you and your personal group obtain information about Homestead National Monument of America? Please mark (●) all that apply in column (a).
   - Did not obtain information prior to visit – Go to part b of this question
   - Previous visits
   - Friends/relatives/word of mouth
   - Homestead National Monument of America website: www.nps.gov/home
   - Park’s travel information radio station (1610 AM)
   - Travel guides/tour books (such as AAA, etc.)
   - Maps/brochures
   - Newspaper/magazine articles
   - Email/telephone/written inquiry to park
   - Television/radio programs/videos
   - Other websites
   - School class/program
   - Local businesses (hotels/motels/restaurants, etc.)
   - Chamber of commerce/visitors bureau/state welcome center
   - Other (Please specify below)

   a) Prior to this visit
   b) Prior to future visits

2. On this trip, what was the primary reason that you and your personal group came to the Homestead National Monument of America area? Please mark (●) one.
   - Resident of the area (within 60 miles of the park) – Go to Question 3
   - Visit Homestead National Monument of America
   - Visit other attractions in the area
   - Visit friends/relatives in the area
   - Business
   - Other (Please specify) ________________

3. a) On this visit, how many hours in total did you and your personal group spend visiting Homestead National Monument of America?
   - Total number of hours (Please list partial hours as 1/4, 1/2, or 3/4.)
   - On this visit, did you and your personal group visit Homestead National Monument of America on more than one day?
     - Yes
     - No – Go to Question 4
   - If YES, on how many days did you visit the park?
     - Total number of days
   - On this trip, how many times did you and your personal group enter the park?
     - Number of times entered

4. a) On this visit to Homestead National Monument of America, which park sites did you and your personal group visit? Please mark (●) all that apply.
   - Education Center
   - Palmer-Epard Cabin
   - Freeman School
   - Tallgrass Prairie
   - Heritage Center
   - Trails/Woodland
   - Other (Please specify) ________________

   b) On this visit, did you and your personal group walk/hike the trails within the park?
      - Yes
      - No

   c) From the sources you used prior to this visit, did you and your personal group receive the type of information about the park that you needed?
      - No
      - Yes – Go to Question 2
Homestead National Monument of America Visitor Study

6. a) After this visit, do you feel that you are able to make a personal connection to the people who homesteaded under the Homestead Act of 1862 (i.e. do their lives have relevance to your life today)?

○ Yes ○ No ➔ Go to part c of this question

b) If YES, what is the most important way that homesteading life has relevance to your life today?

__________________________________________________________________________

6. c) Please list one aspect of the park's story that you might share with family and friends.

__________________________________________________________________________

7. a) On this trip, did you and your personal group stay overnight away from your permanent residence in the Homestead National Monument of America area (within 60 miles of the park)?

○ Yes ○ No ➔ Go to Question 8

b) If YES, please list the number of nights you and your personal group stayed in the Homestead National Monument of America area.

________ Number of nights within 60 miles of the park

8. a) On this visit, were the signs directing you and your personal group to and within Homestead National Monument of America adequate? Please mark (*) one answer for each of the following.

a) Interstate signs ○ Yes ○ No ○ Did not use

b) State highway signs ○ Yes ○ No ○ Did not use

c) Signs in local communities ○ Yes ○ No ○ Did not use

d) Signs in the park ○ Yes ○ No ○ Did not use

e) If you answered NO for any of the above, please explain.

Interstate ____________________________________________

State highway _______________________________________ 

In local communities __________________________________

In park ______________________________________________

9. a) On this visit to Homestead National Monument of America, did anyone in your personal group participate in any of the ranger-led talks/programs?

○ No ○ Yes ➔ Go to part c of this question
b) If NO, what prevented you and your personal group from participating in ranger-led talks/programs? Please mark (●) all that apply.

- O Not interested
- O Did not have time for this activity
- O Not aware of any ranger-led talks/programs offered at park
- O Not enough programs offered
- O Other (Please specify)

C) If you were to visit the park in the future, would you and your personal group be interested in attending ranger-led programs?

- O Yes, likely
- O No, unlikely
- O Not sure

d) If YES, what length of program would you and your personal group be most likely to attend? Please mark (●) one.

- O Under 1/2 hour
- O 1/2 - 1 hour
- O 1 - 2 hours
- O Other (Please specify below)

10. a) Did you and your personal group obtain information from the park website (www.nps.gov/home) prior to or during this visit to plan your trip to Homestead National Monument of America?

- O Yes
- O No → Go to part f of this question

b) If you and your personal group used the park website, please rate how helpful the website was in planning your visit. Please mark (●) one.

<table>
<thead>
<tr>
<th>Not at all helpful</th>
<th>Somewhat helpful</th>
<th>Moderately helpful</th>
<th>Very helpful</th>
<th>Extremely helpful</th>
</tr>

<td>O</td>
</tr>
</tbody>
</table>

d) Did you and your personal group find the information that you needed on the park website?

- O No
- O Yes → Go to Question 11

e) If NO, what type of information did you and your personal group need that was not available on the park website? Please be specific.

f) If you and your personal group did not use the park website, why not?

11. a) Please mark (●) all the types of exhibits in column (a) that you and your personal group viewed/used during this visit at the Heritage Center.

Next, for only those exhibits that you and your personal group viewed/used during this visit at Heritage Center, please provide one response to each of the following questions:

b) Was the exhibit lighting adequate for viewing?

c) Was the exhibit easy to understand?

d) Was the exhibit easy to use?

<table>
<thead>
<tr>
<th>a) Type of exhibit viewed/used on this visit?</th>

   - [ ] Yes 
   - [ ] No

   e) If you were with one of these organized groups, how many people, including yourself, were in this group?

   _______ Number of people in organized group

15. a) On this visit, which type of personal group (not guided tour/school/historical society/other organized group) were you with? Please mark (●) only one.
   - [ ] Alone
   - [ ] Friends
   - [ ] Family
   - [ ] Family and friends
   - [ ] Other (Please specify) ___________________________

b) On this visit, how many people were in your personal group, including yourself?

   _______ Number of people in personal group
Homestead National Monument of America Visitor Study

12. On this visit, how many vehicles did you and your personal group use to arrive at the park?
   Number of vehicles used in personal group

16. For you and your personal group on this visit, please provide the following. (If you do not know the answer, leave blank).

   a) Current age
   b) U.S. ZIP code or name of country other than U.S.
   c) Number of visits to Homestead National Monument of America (including this visit) since May 2007
   d) Descendent of someone who homesteaded under the Homestead Act of 1862?

   Yourself
   Member #2
   Member #3
   Member #4
   Member #5
   Member #6
   Member #7

17. a) Are you or members of your group Hispanic or Latino? Please mark (•) one for each group member.

   Yes, Hispanic or Latino
   No, not Hispanic or Latino

   Yourself
   Member #2
   Member #3
   Member #4
   Member #5
   Member #6
   Member #7

   b) What is your race? What is the race of each member of your personal group? Please mark (•) one or more for you and each group member.

   American Indian or Alaska Native
   Asian
   Black or African American
   Native Hawaiian or other Pacific Islander
   White

18. a) Were you and your personal group aware that special needs equipment (listening devices, white gloves, etc.) is available to visitors?

   Yes    No

   b) Does anyone in your personal group have a physical condition that made it difficult to access or participate in park activities or services?

   Yes    No

   c) If YES, what services or activities were difficult to access/participate in?

   d) Did you and your personal group use any of the special needs equipment? 

   Yes    No

   e) If YES, was the special needs equipment easy to use?

   Yes    No

19. a) When visiting an area such as Homestead National Monument of America, which one language do you and most members of your personal group prefer to use for the following?

   a) Speaking: English    Other (Specify)
   b) Reading: English    Other (Specify)

   c) In your opinion, what services in the park need to be provided in languages other than English? Please specify a service or mark (•) "None."

   Service (Specify)

   None

20. For you only, what is the highest level of education you have completed? Please mark (•) only one.

   Some high school
   Some college
   Graduate degree
   High school diploma/GED
   Bachelor's degree

21. Homestead National Monument of America is in the process of preparing for the 150th anniversary of the Homestead Act. In your opinion, what would be the most appropriate way to commemorate these events at Homestead National Monument of America? Please mark (•) one.

   A series of events during 2012
   As a weeklong event in 2012
   As an event in a series of commemorations held at this and other national park sites or locations
22. a) After visiting Homestead National Monument of America, do you find the word "monument" in the name Homestead National Monument of America confusing?

   O  Yes  O  No  Go on to Question 23

b) If YES, why is it confusing?

23. For you and your personal group, please estimate all expenditures for the items listed below for this visit to Homestead National Monument of America area (within 60 miles of the park). Please write "0" if no money was spent in a particular category.

   a) Please list your group's total expenditures inside Homestead National Monument of America.

   b) Please list your group's total expenditures in the area outside the park (within 60 miles of the park).

   NOTE: Surrounding area residents should only include expenditures that were just for this trip to Homestead National Monument of America.

   EXPENDITURES
   a) Inside park  b) Outside park

   Lodges, hotels, motels, cabins, B&B, etc.  n/a  $________

   Camping fees and charges  n/a  $________

   Guide fees and charges  n/a  $________

   Restaurants and bars  n/a  $________

   Groceries and takeout food  n/a  $________

   Gas and oil (auto, RV, boat, etc.)  n/a  $________

   Other transportation expenses
   (rental cars, taxis, auto repairs, but NOT airfare)  n/a  $________

   Admission, recreation, entertainment fees  n/a  $________

   All other purchases (souvenirs, film, books,
   sporting goods, clothing, etc.)  $________  $________

   Donations  $________  $________

c) How many people do the above expenses cover?

   _____ Adults (18 years or over)  _____ Children (under 18 years)

   Please write "0" if no children were covered by the expenditures.

24. If you were a manager planning for the future of Homestead National Monument of America what would you and your personal group propose?

25. Is there anything else you and your personal group would like to tell us about your visit to Homestead National Monument of America?

26. Overall, how would you rate the quality of the facilities, services, and recreational opportunities provided to you and your personal group at Homestead National Monument of America during this visit? Please mark (●) only one.

   Very poor  O  Poor  O  Average  O  Good  O  Very good

27. a) Which category best represents your annual household income? Please mark (●) only one.

   O  Less than $24,999  O  $25,000-$34,999  O  $35,000-$49,999  O  $100,000-$149,999
   O  $150,000-$199,999  O  $200,000 or more  O  Do not wish to answer

b) How many people are in your household?  ______ Number of people

Thank you for your help! Please seal the questionnaire with the stickers provided and drop it in any U.S. mailbox.

Appendix 2: Additional Analysis

The Visitor Services Project (VSP) offers the opportunity to learn more from VSP visitor study data through additional analysis. Two-way and three-way cross tabulations can be made with any questions.

Below are some examples of the types of cross tabulations that can be requested. To make a request, please use the contact information below, and include your name, address and phone number in the request.

1. What proportion of family groups with children attend interpretive programs?
2. Is there a correlation between visitors’ ages and their preferred sources of information about the park?
3. Are highly satisfied visitors more likely to return for a future visit?
4. How many international visitors participate in hiking?
5. What ages of visitors would use the park website as a source of information on a future visit?
6. Is there a correlation between visitor groups’ rating of the overall quality of their park experience, and their ratings of individual services and facilities?
7. Do larger visitor groups (e.g., four or more) participate in different activities than smaller groups?
8. Do frequent visitors rate the overall quality of their park experiences differently than less frequent visitors?

Appendix 3: Decision Rules for Checking Non-response Bias

Non-response bias is one of the major threats to the quality of a survey project. It affects the ability to generalize from a sample to general population (Salant and Dillman 1994; Dillman, 2007; Stoop 2004; Filion 1976; Dey 1997). Since non-response bias is usually caused by participants failing to return their questionnaires, a higher response rate is more desirable. However, higher response rates do not guarantee low non-response bias. Researchers have suggested different methods to detect non-response bias. The most common variables used to detect non-response bias are demographic variables. Some researchers such as Van Kenhove (2002), Groves (2000) also suggest that saliency of topic has an effect on response rate. In this visitor study, visitor satisfaction (overall quality rating) could be considered as one of the salient factors as we aim to collect opinions from both unsatisfied and satisfied visitors. There are also several methods for checking non-response bias suggested in the literature. We decided to follow the method suggested by Groves (2006), De Rada (2005), and Rogelberg and Luong (1998) to compare the demographic characteristics as well as satisfaction scores of respondents in three different mailing waves. This seems to be the most suitable method because the visitor population is generally unknown.

Respondents were categorized based on the date their questionnaire was received. The first wave is defined as surveys received before the 1st replacement was mailed, the second wave is between 1st and 2nd replacement and the third wave contains surveys received after the 2nd replacement. Analysis of variance was used to detect differences in age, distance of travel to the park, and overall quality rating scores among different mailing waves.

A Chi-square test was used to detect the difference in education levels at different mailing waves. The hypothesis was that group types are equally represented. If the p-value is greater than 0.05, the difference in group type is judged to be insignificant.

Therefore, the hypotheses for checking non-response bias are:

1. Respondents of different mailing waves had the same average age.
2. On average, respondents of different mailing waves traveled the same distance to the park.
3. Respondents of different mailing waves had the same average satisfaction scores.
4. Respondents of different education levels are equally represented in different mailing waves.

Table 3 shows no significant difference in travel distance and overall quality rating. Table 4 shows no significant difference in level of education between early and late responders. There is a significant difference in age. This indicates that while results pertaining to visitors’ opinions about the park may not be biased toward any groups, visitors under 50 years old may be underrepresented.
